Yes, I am involved in some email traffic on this now. This means our DC press folks will be more heavily involved and will likely be revising PR language, etc. I don't think it changes the EPA and Utah individual press releases plan but anything possible...

Rich,
Apparently my boss will be attending a signing ceremony at Mr. Wheeler's office in DC on Wednesday. Do you know about this? Someone from the Comms office is probably going to communicate with me soon, I just wanted to see if you had any thoughts about this.
